THE Art Club:

“People say that they never feel more present than during the act of creating!”

Isn't that what we want for our kids? Many visual art activities require a unique kind of focus, and cause the "artist" to set aside all other thoughts and worries. The act of creating is fun, relaxing, and calming. What a great way to end a school day!

In THE Art Club, CAC offers you and your child:

- Art taught by artists and art educators that enjoy and engage kids
- Hands-on time with a wide mix of media
- Introduction to influential artists and their stories
- A safe place to learn: all instructors have PA Clearances
